

iCLEANER 200

COMMERCIAL ROBOTIC POOL CLEANER

A Complete Cleaning Solution with Unbeatable Value!

The 200 Series iCleaner has been specifically designed to cope with the extra demands of large residential pools, through to small commercial complexes.

Power and Precision

The powerful twin drive motors give you exceptional maneuverability and climbing capability, and the dedicated water pump has a filtration rate of over 300 liters per minute. Combine this with a 2 large intake gates, a high capacity filter bag and a systematic cleaning program, the 200 will economically and efficiently clean your pool and improve the quality of your water. With the added advantage of a hand held, full function remote control, you can even "target clean" problem areas immediately.

Value for Money

If you are considering investing in a robotic pool cleaner, don't you deserve the whole package. All robots in the iCleaner range come standard with the Remote Control for target cleaning, twin drive motors suitable for all pool shapes (even lap pools), and a powerful water pump for outstanding climbing capability. The sponge wheels are suitable for all pool surfaces, and a caddy makes for easy transportation and storage. To top it off, the iCleaner comes with a floor only option, for that "quick clean," when you need the pool in a hurry.

DIY Servicing

And the savings don't just end with the purchase price, the 200 is designed for DIY servicing. Using basic tools from your tool kit, order the parts on-line, and perform the maintenance yourself.

Help & Support

If you need help, it's only a phone call away. Your local agent has all the expertise required, and are backed by a team of specialist from ICH Roboter Australia. With the iCleaner in your pool, your customers will be enjoying, a cleaner, safer swim, whilst you enjoy the savings.
