

# ICLEANER 200D

## COMMERCIAL ROBOTIC POOL CLEANER

### **A Complete Cleaning Solution with Unbeatable Value!**

Specifically designed for the Commercial environment, the 200D is ideally suited to pools up to 50m in length. With its twin robots working in complete harmony, the 200D cuts the cleaning time of the 200 series in half.

### **Power and Precision**

The powerful twin drive motors give you exceptional maneuverability and climbing capability, and the twin water pumps has a filtration rate of over 600 liters per minute. Combine this with a 4 large intake gates, two high capacity filter bags and a systematic cleaning program, the 200D will economically and efficiently clean your pool and improve the quality and clarity of your water. With the added advantage of a hand held, full function remote control, you can even "target clean" problem areas immediately.

### **Value for Money**

If you are considering investing in a robotic pool cleaner, don't you deserve the whole package. All robots in the iCleaner range come standard with the Remote Control for target cleaning, twin drive motors suitable for all pool shapes (even lap pools), and a powerful water pump for outstanding climbing capability. The sponge wheels are suitable for all pool surfaces, and a caddy makes for easy transportation and storage. To top it off, the iCleaner comes with a floor only option, for that "quick clean," when you need the pool in a hurry.

### **DIY Servicing**

And it doesn't just end with the purchase price, the 200D is designed for DIY servicing. Using basic tools from your tool kit, order the parts on-line, and perform the maintenance yourself.

### **Help & Support**

If you need help, it's only a phone call away. Your local agent has all the expertise required, and are backed by a team of specialist from ICH Roboter Australia. With the iCleaner in your pool, your customers will be enjoying, a cleaner, safer swim, whilst you enjoy the savings.
