

SharkVac

ROBOTIC CLEANER

Hunts down dirt and debris for complete pool coverage.

The SharkVac by Hayward® offers a powerful way to hunt down pool debris. Built with the highest quality components and proven technology, the SharkVac creates reliable, consistent results while maximizing energy efficiency. The cleaner's robust, low-profile design and top-access filters give it an added bite. Running independently of the pool's filtration system with no extra pumps or hoses, they couldn't be simpler to use. Discover the cleaner with an insatiable appetite for results—the SharkVac by Hayward®.

Total System: Pumps | Filters | Heating | **Cleaners** | Sanitisation | Automation | Lighting | White Goods

Robotic Cleaner with plenty of bite and unparalleled energy savings

Enjoy shorter cleaning cycles and longer cleaner life.

- Exclusive smart technology manoeuvres SharkVac cleaners along the most efficient cleaning path possible, creating complete results faster than ever.
- SharkVac is a floor specific cleaner that delivers performance and price in a uniquely robust design. It cleans your pool's floor from wall to wall, right where the debris is.

Save time, money and hassle.

- SharkVac cleaners are energy efficient and incredibly easy to use — no hoses, hookups or extra pumps required.
- The energy used by a standard light bulb is all that's needed to power this innovative cleaner.
- Top-access filters with two fine-porosity filter elements allow for quick debris removal and easy cleanup—just remove the filter cartridges and rinse with a garden hose.
- SharkVac cleaners run separately from the pool's filtration system, reducing the frequency of filter backwash cycles or cartridge cleaning saving both time and money.

Includes free caddy for easy manoeuvre

MODEL NO.	SUPPLY OUTPUT (VOLATGE)	SUPPLY OUTPUT (AMPS)	CLEANING TIME	FLOW (LPM)	POOL FINISH	CORD LENGTH (M)	SPEED (M PER MIN)	FILTER POROSITY (MICRONS)	UNIT WT (KG)
RC9743CSBY	24 V DC	3.5	2 HOURS	284	ALL	15.25	16.7	5	9.5

Features and benefits:

• Top Access Filter

Allows for quick and easy clean-up of canister

• Adaptive Seek Control Logic

ASCL™ ensures full, quick coverage

• Teflon™ Reinforced Cord

Designed for rugged durability and longevity

• Engineered for Durability

Acetal, stainless steel used on parts

• Flexibility

Cleans all in-ground residential pool surfaces including concrete, vinyl and fibreglass

• Advanced Brush

Scrubs vigorously along pool floor, wall to wall
